Kiel - Sailing City

City, beach, ships...

Gigantic ferries to Scandinavia, cruise liners from all over the world, shopping malls, Baltic beaches and the cultural scene make the life worth living in the city centre of Kiel.

Through its unique location at Kiel Firth, the capital of Schleswig-Holstein is on the waterfront like no other Baltic metropolis. Therefore it is called KIEL.SAILING CITY...

Important Dates

Abstract Submission Deadline: May 01 Registration Opening: May 15 Manuscript Acceptance: June 15 Early Bird Registration Deadline: June 30 Conference Date: August 30 - September 04

Registration Fees

Regular Participant: € 350,-Early Bird Registration: € 300,-Students, Doctoral Researchers: € 150,-Early Bird Students: € 120,-Accompanying Persons: € 100,-

European Symposium on Organic Reactivity

August 30 - September 04, 2015

Welcome to Kiel, Germany

Welcome!

On behalf of the organizing committee, I cordially invite you to attend the 15th European Symposium on Organic Reactivity (ESOR 2015). The conference will be held in Kiel (Germany) August 30 to September 04, 2015. The date coincides with the 350th birthday of the University of Kiel and our event will be part of the jubilee festivities.

The ESOR series is a string of biennial events that are hosted in different European cities. The conference series started in Paris in 1987 and it has been held every second year ever since: in Padova, Italy (1989), Göteborg, Sweden (1991), Newcastle, UK (1993), Santiago de Compostela, Spain (1995), Louvain la Neuve, Belgium (1997), Ulm, Germany (1999), Cavtat (Dubrovnik), Croatia (2001), Oslo, Norway (2003), Rome, Italy (2005), Faro, Portugal (2007), Haifa, Israel, (2009), Tartu, Estonia (2011), and Prague, Czech Republic (2013).

After the very successful symposium in Prague (2013) the upcoming event in Kiel will continue the tradition and highlight the most recent results in organic reactivity. The ESOR Symposia are dedicated to fundamental research in organic chemistry and related areas, emphasizing the understanding of reactions (e.g., mechanisms, energetics) as well as the structures of compounds and materials. Experimental as well as theoretical contributions are welcomed with a particular preference for multidisciplinary approaches.

The program will include plenary and invited lectures, oral presentations, poster presentations, and an exhibition. We wish to cover all important areas of physical-organic chemistry and its interactions with other sciences, e.g., mechanistic studies as a driving force in modern synthesis, physical-organic chemistry of complex systems, new experimental and theoretical methods in organic chemistry.

We are looking forward to seeing you in Kiel

Warm regards and best wishes

Rainer Herges Chairman of the Local Organizing Commitee

Conference Topics

- Reaction Mechanisms
- Kinetics, Catalysis
- Supramolecular Chemistry
- Polymer Chemistry
- Photochemistry
- Unusual Molecules
- Chemical Bonding
- Computational Chemistry

Invited Speakers

Plenary Speakers:

- Ben Feringa (Groningen)
- Jean-Marie Lehn (Strasbourg)
- Helmut Schwarz (Berlin)
- Peter Chen (Zürich)
- Peter R. Schreiner (Gießen)
- Guy Bertrand (San Diego)
- Sason Shaik (Jerusalem)

Invited Speakers:

- Torsten Linker (Potsdam)
- Graham Bodwell (St. Johns)
- Josef Michl (Boulder)
- Koop Lammertsma (Amsterdam)
- Holger Bettinger (Tübingen)
- Konrad Koszinowski (Göttingen)
- Herbert Mayr (München)
- Hendrik Zipse (München)
- Mick Sherburn (Canberra)
- Yitzhak Apeloig (Haifa)
- Stefan Grimme (Bonn)
- Anne Staubitz (Kiel)
- Albrecht Berkessel (Köln)
- Luis Echegoyen (El Paso)

Venue

ESOR 2015 will be held on the campus of Christiana Albertina University of Kiel, which celebrates its 350th anniversary this year.

For more information, please see: www.cau350.uni-kiel.de/en/

Award Ceremonies

The ESOR-2015 will include the delivery ceremony of two renowned awards:

• JPOC Award for Early Excellence in the Field of Physical Organic Chemistry

• Diels Planck Lecture of Kiel Nano. Surface and Interface Science (KiNSIS)
